

MT COLD SHRINK TERMINATION CABLES

DESCRIPTION

Easy-to-install termination with reliable performance. For single-core and three-core cables, suitable for indoor and outdoor use. From 6 to 36 kV, our range offers a solution for all XLPE insulated cables.

SPECIFICATIONS

All kits provided contain all necessary components for the termination, including lugs if requested. Cold shrink terminations do not require any tools for their installation.

Reference	6/10 kV	12/20 kV	18/30 kV
Indoor Single-core Termination	RF-EUI-S 12	RF-EUI-S 24	RF-EUI-S 36
Outdoor Single-core Termination	RF-EUEP-S 12	RF-EUEP-S 24	RF-EUEP-S 36
Indoor Three-core Termination	RF-ETI 12	RF-ETI 24	RF-ETI 36
Outdoor Three-core Termination	RF-ETEP 12	RF-ETEP 24	RF-ETEP 36
