

# MT HEAT-SHRINKABLE TERMINATION CABLES

## DESCRIPTION

Easy-to-install termination with reliable performance.

For single-core and three-core cables, suitable for indoor and outdoor use. From 3.8 to 36 kV, our range offers a solution for all cables, whether XLPE or Paper insulated.

## SPECIFICATIONS

All provided kits contain all necessary components for the termination, including lugs if requested. Heat shrink terminations are suitable for synthetic insulation (XLPE) or paper insulation (PILC) cables.  
Reference 6/10 kV 12/20

Reference	6/10 kV	12/20 kV	18/30 kV
<b>Indoor Single-core Termination</b>	EUI-S 12	EUI-S 24	EUI-S 36
<b>Outdoor Single-core Termination</b>	EUPE-S 12	EUPE-S 24	EUPE-S 36
