

MECHANICAL CLAMPING LUG

ALL TERMINALS ARE AVAILABLE WITH A 12MM OR 16MM CONNECTION.
FOR THE CE-MCTL 300/630, WE OFFER A 20MM CONNECTION.

DESCRIPTION

Mechanical crimp terminal (fuse screw).

No specific tools are required; a flat wrench sized for the fuse screws is sufficient.

MATERIEL

Body : Made of tinned aluminum alloy.

Screws : Tinned aluminum alloy.

APPLICATION

For aluminum/copper conductors for Low and Medium Voltage.

Wide range.

IEC 61238-1:2003.
